Special Notice to Business Men. As an alvertising paper, the Democrat is unibu-iness communication between the buyer and solier; its lurgely increasing circulation, both at home and abroad, offers a favorable "pportunity for a judicious dissemination of mercantile intel-ligence. It is also a favorite family jontaal, hence stuil dealers, as well as more excensive tradepeople, meman.cs and citizens will find its col-

nums essential to prosperous business It stands at the head of one of the great parties of the country, reaching thousand that no othe medium does reach. Now that the "Fall Cam priza" is drawing upon us, we hope they will not all to learn the facilities our paper affords them, but at once avail themselves of its advantages, which surpassanything in its former history.

An inpusture Nailed.

In the Union and American of the 2 st of August here as peared an elitorial charging that the Blac depunicans and Americans of Indiana has formed

The imposture named here, is an article containing some inaccuracies that originated we don't know where. We have several times seen it, but did not republish it, knowing it was not entirely exrect. The imposture here alluded to is as fo.-

Tao mat ria, error in this imposture is, that the Fillmore and Fremont men have the same eiectoral ticket in Indiana. That is not the case. Gregg replies to the Patriot, that there is me eur's pap r at the Hantington Gazette published in

That the Tribune has no electoral ticket in it.

columns; but that the American campaigner, issued from his . fil .c. has. That the Fil more and Frement parties have

not the same electoral ticket; and that the pretended extracts from his paper are all boque, excent that in italies, which had reference to the State ticket.

Now, we never saw an imposture that was so inacourate, that contained as little misrepresentati a in fact. Gregg must have felt very shee, ish when he got this application. Imagine a fellow trying to assume a virtuous indiguation, at a charge of which he knew he was substantially guilly; but which he could easily refute as to the letter. We Tribane : for we have not read the editor's ln ubrati as mach. But what are the facts about the evalition between the Fillmore and Frem'n. parties in Indiana; and about the position of the sald Grogg?

First. They are united on the State ticket, composed entirely of Fremont mon. Every Fillm re paper in the State is alvocating the election of this Ba & Republican ticket-a perfect freedom shricker's licket.

Second. They are united in the support of the same Congressmen, against the Democratic numinecs. There are eleven districts in Indiana, and twen'y-two candidates-a Democrat and a freedom shrieker in each.

Third. They are united in the election of members to the S'ate Senate and Legislature. Tho autl-Democratic candidates are all freedom shriekers; and the next Legislature has two United Stales Senators to elect.

So much for the coalition of the two parties in Indiana. Now, how about the very virtness joint ballot of sixty. In the Senate, thirty-three Gregg, who writes down South? Why didn't the | f the fifty members, and in the Honse of Representatives, eighty out of its one hundred and forty his paper knows that it is not his fault that the Fremont and Fillmore parties have not the same electoral ticket. He will not dony that he was, and now is, in favor of a coalition. He contends that Fillmore will do his Republican brothers as juggler tell how he stood? Every man that reads sentatives, eighty out of its one hundred and forly paper is read, and where he is known.

When we speak of the union of these parties on the Abolition State ticket, Abolition Congressmen, and Abolition legislators, we mean a general union; there are some individual exceptions, but important facts upon religious toleration in the not half enough to make mile-posts on the Indiana different governments of the world, that it is well

Now, why didn't Grogg tell the whole truth, in writing to his Southern frinnds? Why didn't be credit of all the religious liberty in the world. tell them that he wanted a coalition, on the same electoral ticket; and that he is now almost freezing to make some bargain with the Black Republican party? Way didn't be tell them that he stands on the Black Republican platform of 1854, adopted by the Fusion of that year: and that he now boasts that he stan is upon it? Why did he not tell them that he and his party were aiding, with all their might, the Black Republican Congressmen, and State senators and legislature : that his party and the Frementers agree, except in their preferences for the Presidency; and that he balieves Fillmore is just as good a Freesoiler as Fremont, and supports him occause he believes it; and that these bogus extracts don't misrepresent

him, if they are bogus. If the Pilot wishes to know the truth about Indlana, let him read the files of the Tribnne, and papers of that stamp; let him attend a few political meetings in that State; let him hear the shricks of Morton, Jim Cravens & Co., on the State ticket, and the shricks of the Black Republican and American candidates for Congress in any district, and he will get his eyes open; and tet him say if men who applaud and support them

need choke at Francat, or abything else black and woolly.

To all intents and purposes the two parties in Indiana are one. One in their creed, one in their objects, and one in all their means to atrain their ommon end, except in their preferences for President.

Inco clasica, we don't know where our friends of the Union and American got this article with several inaccuracies-only one that is at all : ata-Advertisements published in the morning paper are separate Fillmore and Fremont ticke's in In The present of the evening edition at half price.

ALL TRANSPORT ADVERTISEMENTS PAVABLE IN diams, it is not thought by any means certain privates. they will romain so. We are inclined to think they will try to delude the South, and also to hold a few votes in the State that might vote for Buchapan. It is rather late to make a bargain. Besides, as both parties are working to Abolitionize Congress and the Senate, it is not very important who is President. They will accomplish the main purpose in the Congressional and United States Senatorial elections and whilst working cordially together to that end, they may hold it expedient not to mak: a fee by changing front just now.

The acti n of Congress in granting land to ettlers in Oregon, has been a su ject of inquiry frequently. It has been denounced by the Know-Nothings for too provision made in it favorable to foreigners. We have published the proceedings Congress on this surject before, but for the edification of the Know-N thing party, and the est of mankind, we revert to the sulij at as ain n the Congressional Globe for 1850, page 1078 the proceedings may be fourd. The original bill al this provision : " Toure shall be, and hereby , granted to overy white male citizen, above the age of eighteen years, American half-breeds included," &c. The grant was, to an unmerrica man half a section of land (320 acres), and t every married man the same number of acres, and an equal amount to his wife.

A committee hal amended the bill by substituting "every settler, or occupant of public lands," estead of every "white male American citizen." TGo Hon. HUMPHREY MARSHALL, the Know-Sothing representative in Congress from this Disrict, had not then seen Sam. He got the flor, and proposed to amend the amendment, inserting after the word "occupant" the words, " being ar American citizen, or having declared, according o law, his intention to become a citizen."

Here this intensified Know-Nothing, so jealou of the rights of American citizen, himself pr oses to give to a foreigner who has just reached this country, three hundred and tw m'y acres o and, and to his wife, if he has one, the same amount.

The Knew-Nothings may say that this is still etter than the committee's amendment. Marhall intended an improvement, and offered the est he hoped to got. Let ue s.e. Mr. Thruston equested Marshall to hold on, that he had as unendment to offer that would answer the pur ass. Thruston was a delegate from the Terri tory.) lle (ffered his amendment. Here it is: Provided, That every foreigner making claims to land, by virtue of this act, before they receive a title to the same, shall preve to the Surveyo ieneral that he has commenced, and completen his naturalization, and become an American city an." Here American citizens only were provided

for. Now mark the result. Did Mr. MARSHALL give way? not be. He said: He did not like the restleman's anserdment as well as his own : h hould, therefore, ingiet upon his amendment,

And the said Marshal did insist, and his amend ment passed, and the bill became a law, and the anow-Nothing candidate for President signed the oill; so we presume, for we did not fellow the proceedings to the end. This is the only h mestead bill that we know of that over became a aw: and as Know-Nothing crators have been renting on the stump through the State on this ubject, let them denounce brother Marshall. He was the author of this provision in behal, o ne bloody fereigners. It was a Dem crat that The bloody fereigners. It was a Dem crat that the large status against the statisty of the first the large status against the statisty of the large statisty of the large status against the statisty of the large status against the statisty of the large status against the statisty of the large statist of affection for the brane and the accent. Demorats, whilet they regudiate all distinction petween citizens of the United States, for the place of their birth, nevertheless hold citizen-hip n this country something sacred; and bave no bicctions, when it can be done by their acts, to ist the world know that it is worth a mething in nonor as well as profit. But we are n t giving 12y opinion on tais bill; whether it be right of wrong. The material fact is, that the prevision in favor of the bloody "forriners" was put into to bill by HUMPERRY MARSHALL the representa tive of all the American'sm bereabouts.

No one can mistake the character of th paragraphs in the Journal; the monetrous calumies and insuling taunts that disgrace the con umns of that filthy sheet, are exactly calculated o produce exasperation, and lead to violence and olood. We have no doubt it is the object to pro duce such an effect. When a cellision takes place, as one did at Henryvillo the other day, then we shall bear a howl. There are some men a this city who have great zeal for its interest and honor, when they want the Democrat to be prescribed; but they will read and chuckle over don't know these ex races ever appeared in the the law-flang taunts of their own low-flang unscrupulous sheet.

We understand that S. J. Gutario, Esq. of Bedford, met and scalpol W. S. Pryor, the hnow-Nothing orator of Henry country, at Bar r ws, in Trimble coun'y, on last Wednesday, before an immease assemblage of the people. Ou information is, that Pover was completely used up. It is ramored that Pryor is making strong efforts to get the nomination for Congress, over ery Hamphrey Marshall. If such be the case, he had batter not let Gathrie get another grip on him. Mr. Gutheis is doing noble service in Trimble county. We hope he will continue in well doing.

Among the Southern States pronounced certain for Fillmore before the late election was North Carolina. See how this Know-Nothing prediction is verified. The papers of that State have published a list of the members elected to the Legislature, showing a Democratic majority on sweden. Han ver, Saxony, Wurtemburg, and to spint ballot of sixty. In the Senate, thirty-three intellection of sixty. In the Senate, thirty-three intellection of sixty. In the Hansa of Regre-

that Fillmore will do his Republican brothren as that county. Many of the best speakers of the well as Fremont, and denies that Fillmore is not State are invited, and will be there.
